FAMILY and RANCH:

My Name is Gaylene and my husband is Dave. We own roughly 5000 acres of land, (2,030 Hectares) in which the home site used to belong to Dave's grandfather 157 years ago, where we built a new log cabin here and call this place "The XY Ranch". The land stretches along a beautiful valley in Saskatchewan, close to the Alberta border. Real cowboy country.

We run about 600 cow/calve operation with approx..20 horses in which some are ride able and some are not. We have 2 dogs and 3 cats that love people. We are busy calving in the months of May through to July, with plenty of opportunity to help out with baby calves and checking cows. We move the cows and check fences on horseback with plenty of riders such as nine grandchildren and relatives that live on the farm in separate houses.

There is never a dull moment here on the Ranch, and no two days in a row seem to be alike. We live an interesting country life style with positive attitudes, open mind, with a peaceful atmosphere surrounding us. We welcome you into our lives and to share our home, and to share the cowboy way, the way we have lived for so many years. The activities here are endless, with fun, laughter and a huge benefit to learn. Here we wish that your dreams come true and to enjoy our hospitality, love our country, and to take back with you a great memory of Canada.
